Pemberton Mountain Bike Park
 Pemberton Mountain Bike Park is located in the Pemberton Forest Park with the trail head located at the Pemberton Pool, Swimming Pool Road Pemberton.

The mountain bike project commenced in 2007. Funding from the SW Development Commission, the Federal Government, Dept of Health & Ageing, Lotterywest, WA Dept of Sport and Recreation and the Pemberton VC have provided the capital to develop the mountain bike park.

There are 30 kilometres of mountain bike tracks, a set of dirt jumps and a pump track. The aim is to further develop the Pemberton Mountain Bike Park as part of the Pemberton Trail Hub, situated around the high quality mountain bike tracks. The mountain bike park is open to anyone. Riders need to ride to their ability and have a well maintained bike.

Pemberton is a National level ride destination, part of the Western Australian South West Mtb Master Plan

3. Down Dale: : Easy 375 metres. Block C

Link across Block D. Multi use trail

4. Easy Peasy: Easy 428 metres Block D

Both directions. Shared use wide open trail.

5. Longshanks. Easy 1020 metres. Block C

Pony Express is the code name, heads down hill with lots of chances to push your mate wide on the inside, turn right at the top of the Pumhill Uphill fire trail.

6. Pinch Track: Easy. 820 metres Block B. Give way,

horses & walkers. Mountain bikes Up only. Beautiful Karri forest and Karri Oak, steady climb with switchbacks.

Both directions for walkers, trail runners & horses only.

7. Pump Hill Uphill: Easy. 1500 metres. Block C

Give way to horses & walkers. Mountain bikes Up only with beautiful Karri forest, steady climb with switchbacks.

Both directions for walkers, trail runners & horses only.

8. Railway Run: Easy 1.85 kilometres. On the Flat.

Multi direction. Eastern side of the trailhead next to the railway line embankment. This trail comprises two different sections. hand built trail winding through the trees with tighter turns and narrow lines. The upper section is more open and a faster flow track. Loop trail.

9. Skills Loop: Easy. 1.5kilometres. On the Flat

The flowing Skills Loop provides a range of skills Including cornering, negotiating technical tight features, log rollovers and rolling jumps. Located near the trailhead

10. Black & Blue: Moderate 380 metres. Block A

At the very bottom of Relentless Blue before the drop off turn into Black & Blue. This just adds to the single track experience, Black is more technical.

11. Cool Running: Moderate 1500 m. Block B & A

Cool Running, entry located above the Pemberton Trout Hatchery. This is old school switchbacks on the climb up

and lots of berms, rollers and jumps down. Pump on the way down or hammer it and rail the berms and find plenty of air time on your descent.

12. Dropbear: Moderate 810 m Block C

Tight fast and technical. This is the cornering track. This is a signature trail that is just good value.

13. Heaven and Hard Work. 2,677 m Block D.

This is the main trail down the centre of the block with a circuit back along the river and a steep climb back to the start. The descent is go as fast as you want. The river section is steady with a roller trail. The climb is steep, granny gear and makes you sweat.

14. Just Because: Moderate. 215 m Block A

Two options At the end of Bloody Mary the track to the right heads up and joins the Link track up to Woodcutters. At the end of Bloody Mary the track straight ahead goes left down to the Pemberton Pool.

15. Pemberton Pump Track: Moderate 200m Flat

The Pump Track is a continuous loop ridden without peddling. A series of rollers and berms to build up speed with different lines, fun for any level rider.

16. Pirate Trail: Moderate 1240 metres. Block A

Moderate trail, fast sweeping trail on the eastern side of Relentless Blue. Rock garden and dropping switchbacks. Start near Bloody Mary. Hand built

17. Relentless Blue: Moderate 3900 m Block A

The "signature trail" of Pemberton Mountain Bike Park, a Top Trail in WA. Relentless Blue incorporates the lay of the land in a clockwise direction. The first kilometre is the 'Hell Mile' a hard technical climb.

The western side of the hill is designed as the main climb but has a series of ups and downs with some hard technical elements, a series of turns, rock gardens, log rollovers, sharp uphill and downhill style trail design. The eastern face of the hill is down hill with the wall rides, timber and earth berms & log rollovers. **One of WA's Top Trails**

18. Wahoo: Moderate 800 metres. Block B

Fast swooping XC downhill

19 . Bloody Mary: 860 metres. Block A.

Difficult to Extreme Level

The start is located at the top of the hill where Relentless Blue crosses the top fire trail and descends down the hillside overlooking the Pemberton Pool. A 1.2 km descent - just for fun. The track is a challenging mountain bike trail and includes TTF's: whoops, jumps, rollovers, 46 Log **Extreme** and numerous berms.

20. Fingertips: Difficult First section built 2015

Block A Technical black trail with steep decent, off camber, berms and dropping downhill lines.

Drop in off Woodcutters into the chute on Bloody Mary
