All revenue collected from park entry fees and Parks and Wildlife-managed businesses is invested in biodiversity conservation, maintenance and improvement of Yanchep National Park facilities and services, and the protection of park values.

## Walk trails

The park has nine walk trails ranging from 500m to 52km. Each trail has been selected to showcase the unique biodiversity of the northern Swan Coastal Plain. Information about extended walk trails is available on a separate brochure, *Yanchep National Park - Extended walks*. Pick up a copy at McNess House Visitor Centre or online at [parks.dpaw.wa.gov.au/yanchep](http://parks.dpaw.wa.gov.au/yanchep).

Please register with 'Walk Safe' at McNess House Visitor Centre when walking the Ghost House Trail.

Trails in this guide have been purpose-built for walkers only. Motorcycles and mountain bikes are not permitted on these trails.

## Trail grading

Parks and Wildlife walk trails are assigned a 'class' to indicate degree of difficulty. The walk classes range from Class 1 (universal access), which is suitable for wheelchairs, to Class 5, which require walkers to be fit, experienced and suitably equipped. Check trailhead signs at the start of walks for specific information. The walk trails in this brochure range from Class 1 to Class 3.

- This symbol indicates a well-defined walk trail with a firm, even surface and no steep sections or steps. It is suitable for all levels of experience and fitness.
- This indicates an easy, well-defined walk trail with a firm surface. You may encounter gentle hill sections and occasional steps. It is suitable for all levels of experience and fitness but may present difficulties for people with mobility impairments.
- This indicates a moderate walk trail with clear directional signage. You may encounter minor natural hazards such as short, steep sections; steps; shallow water crossings; and unstable or slippery surfaces. A good level of fitness is recommended.

**1 DWERTA MIA WALK TRAIL**

Discover the Dwerta Mia - 'house of the wild dog'. History states that Aboriginal guides leading early explorers into this area chose not to enter because they thought it was inhabited by evil spirits. Meander through the old cave system at Boomerang Gorge. This trail features interpretive signage providing visitors with a better understanding of how the limestone environment has formed over hundreds of thousands of years and also looks at how the park's caves and their formations have been shaped through the ages by the flow of water.
